## Full Stack Web Developer

Interdisciplinary full stack developer with experience in Fortune 100 corporate financial analysis. Versed in distilling complicated data sets using computer modeling into an easy-to-digest story for use in strategic business decision making. Skilled at leading teams to successfully meet targets and deadlines. Prepared to leverage a diverse background to solve the most complex problems facing organizations today.

## Technical Skills

HTML, CSS, Git, Bootstrap, JavaScript, jQuery, Ajax, Node.js, Express, MySQL, Sequelize, MongoDB, React

## Projects

**Covid-19 Tracker** — [github.com/mr-cade/covid-api](https://github.com/mr-cade/covid-api) — [mr-cade.github.io/covid-api](https://mr-cade.github.io/covid-api)

*Interactive Covid-19 Data Visualization Application*

- Worked diligently in a team of three to build an elegant mobile-first data visualization app tracking key statistics of the pandemic.
- Technologies Used: HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax

**Tangible Creativity** — [github.com/AdmJeffery/Tangible-Creativity-Prototype](https://github.com/AdmJeffery/Tangible-Creativity-Prototype) — [salty-falls-58858.herokuapp.com](https://salty-falls-58858.herokuapp.com)

*Polished customer-facing webpage for a Baltimore based craft studio*

- Led a team of three to create an online presence for a new business using React. It enables customers to sign up and pay for classes and services, sign up to be on the newsletter mailing list, and contact studio management.
- Technologies Used: React, HTML, CSS, Bootstrap, JavaScript, MongoDB, Node.js, Express

## EXPERIENCE

### Trilogy Education

Salt Lake City, UT

*Teacher's Assistant*

2021—Present

- Assist students as they take the University of Utah Full Stack Web Development bootcamp.

### sPower

Salt Lake City, UT

*Treasury Analyst*

2019—2020

- Ensured company solvency for hundreds of millions in yearly capex by managing the 12-month cash forecast.

### Comcast NBC Universal

2016–2018

*CORE Finance Associate (Rotation 3 - Xfinity Home FP&A)*

Philadelphia, PA

- Revamped the collections and A/R process which had been abandoned in poor condition by a contractor.
- Found and collected outstanding receivables to prevent my business unit from taking an \$8MM bad debt charge.

*CORE Finance Associate (Rotation 2 - NBC First Run Syndication Finance)*

New York, NY

- Modeled, forecasted, and budgeted ad sales inventory and revenue for NBC's nationally syndicated tv shows.
- Used SAP to build customized dashboards and data visualizations for executives to stay easily apprised of KPI's.

*CORE Finance Associate (Rotation 1 - Revenue Operations)*

Denver, CO

- Budgeted and forecasted \$45m in monthly revenue for two cable regions with over 99.5% accuracy.
- Held monthly calls with CFOs and leadership of each region to update on details on the pulse of revenue streams.
